Re: Request for Information regarding Mohave Electric Cooperative, Inc.

Dear Mr. Chantel:

In your recent correspondence, you asked the Commission to inspect the condition of certain utility poles both on your property and along Highway 66 from mile marker 66 to mile marker 80. These facilities belong to Mohave Electric Cooperative, Inc. ("Mohave").

On September 27, 2012, a member of my Consumer Services Section spoke with you in order to arrange an inspection of these facilities. As was discussed, such an inspection would involve a visit both to your property and to the relevant areas along Highway 66. We would ask a representative of Mohave to be present for the inspection(s). We also asked you to establish an active complaint, either formal or informal, so that we could better determine what the inspection(s) should entail. We offered 1) to open an informal complaint concerning Mohave's transmission facilities along Highway 66 from mile markers 66-80 and/or 2) to assist you in reactivating Docket No. E-01750A-09-0149, your suspended formal complaint (regarding Mohave's facilities on your property) that you had asked the Commission to suspend.

When you spoke with Consumer Services, you indicated that you did not want to proceed with either option at this time.

As I indicated above, if you establish an active complaint (either by reactivating your pending formal complaint concerning the poles on your property or by lodging a new informal complaint concerning the poles along Highway 66), the Utilities Division Staff will be happy to conduct an inspection. Such an inspection will require scheduling a time for Commission Staff and Mohave representative(s) to meet with you to inspect the relevant facilities both on your property and along Highway 66.

If, in the future, you decide that you would like to pursue either of the above options, please contact Connie Walczak in our Consumer Services Section at (602) 542-4251.
